Dear student

Welcome to Thebarton Senior College for 2020. We are looking forward to meeting you and helping you to achieve your study goals.

**Day classes will start on Wednesday 29 January**

Please meet in the gym, which will open at 8.30 am. You will meet with other students and teachers to receive your timetable, diary, student identification card and passwords. At 9.00 am, we will talk to you about how we can assist you at Thebarton, then you will attend your first lesson.

Please bring a notepad, pen and USB. Teachers will provide you with details about stationery and textbooks.

For students who have classes starting in lesson 2 or 3, or who start after Wednesday, timetables, student identification cards and passwords will be available from the Information Desk in the Walsh building foyer. If you wish, you are also most welcome to come to the gym to hear the initial welcome as stated above.

The Information Desk in the Walsh building foyer will also be where you can go to get help during the first few days of the year.

If you have friends or family interested in enrolling in the many subjects and courses we offer, they are welcome to join you and to make an enrolment booking at the same time.

**Twilight classes will start on Tuesday 28 January at 4.00 pm**

If you are studying a twilight subject, please report directly to the class. Guides will be available in the front office administration area as well as in the Walsh building foyer to help you. If you are only studying a twilight class, you do not need to attend Orientation on Wednesday 29 January.

Yours sincerely

Eva Kannis-Torry  
Principal

13 January 2020
