

2021-2023 Strategic Directions

Working Document

Our values are:

Respect	Innovation	Sustainability	Excellence
---------	------------	----------------	------------

Our aspiration is for every student to:

Wellbeing	Engagement	Learning Achievement	Successful Futures
Be resilient, have a sense of belonging and respond with empathy to the needs of others.	Be engaged with peers, staff, families, industry and communities to learn and prepare for life beyond school.	Be an independent life-long learner who is active in their learning, thinks critically, asks questions and responds to feedback.	Be a successful learner with transferable skills, who thinks and acts in innovative ways as a global citizen.

Our improvement drivers – we will:

Wellbeing	Engagement	Learning Achievement	Successful Futures
Strengthen our systems to monitor and track student achievement and progress, and implement strategies to support success.	Strengthen community and industry partnerships that connect to curriculum, pathways and student needs.	Foster innovation and teaching and learning excellence in all classrooms.	Build students' confidence to articulate their capabilities and enhance them both at college and through their outside activities and interests.
Strengthen teacher capacity to build students' social and emotional skills to support their resilience and positive mindsets.	Strengthen student voice to create opportunities for student leadership and connection to the college and wider community.	Foster learning opportunities for our students that develop higher order thinking, metacognition, and independence.	Build students' awareness of career options, pathways and entrepreneurial opportunities.
Strengthen our mentoring program to support students in identifying their needs and developing their capacity to care for themselves and others.	Strengthen students' intercultural understanding and awareness of the UN sustainable development goals.	Strengthen students' literacy and numeracy skills.	

Our success will (ie outcomes for students):

Wellbeing	Engagement	Learning Achievement	Successful Futures
Increase student attendance and retention.	Increase student engagement and connection to learning.	Increase student achievement.	Increase student awareness of their capabilities and areas for growth.
Enhance student resilience.	Increase student confidence and participation in leadership, college and community life.	Enhance students' ability to think critically and take ownership of their learning.	Enable students to be aware of their career options and pathways, and to plan for the future.
Enhance student wellbeing.	Increase student knowledge and understanding of language, culture and perspectives.	Improve student literacy and numeracy capabilities and achievement.
