

**Wellbeing**

**OUR ASPIRATION**  
IS FOR EVERY STUDENT TO:

Be resilient, have a sense of belonging and respond with empathy to the needs of others.

**OUR IMPROVEMENT DRIVERS**  
- WE WILL:

Strengthen teacher capacity to build students' social and emotional skills to support their resilience and positive mindsets.

Strengthen our mentoring program to support students in identifying their needs and developing their capacity to care for themselves and others.

Strengthen our systems to monitor and track student achievement and progress, and implement strategies to support success.

**OUR SUCCESS**  
WILL:

Enhance student resilience.

Enhance student wellbeing.

Increase student attendance and retention.

**Engagement**

Be engaged with peers, staff, families, industry and communities to learn and prepare for life beyond school.

Strengthen community and industry partnerships that connect to curriculum, pathways and student needs.

Develop teacher and student capacity to be partners in learning, with a common language fostering student agency and co-design of learning.

Strengthen students' intercultural understanding and awareness of the UN Sustainable Development Goals.

Increase student engagement and connection to learning.

Increase student agency and co-design of their learning.

Increase student knowledge and understanding of language, culture and perspectives.

**Learning Achievement**

Be an independent life-long learner who is active in their learning, thinks critically, asks questions and responds to feedback.

Foster innovation and teaching and learning excellence in all classrooms.

Foster learning opportunities for our students that develop higher order thinking and metacognition.

Strengthen students' literacy and numeracy skills.

Increase student achievement.

Enhance students' ability to think critically and creatively.

Improve student literacy and numeracy capabilities and achievement.

**Successful Futures**

Be a successful learner with transferable skills, who thinks and acts in innovative ways as a global citizen.

Build students' confidence to articulate their capabilities and enhance them both at college and through their outside activities and interests.

Build students' awareness of career options, pathways and entrepreneurial opportunities.

Strengthen student voice to create opportunities for student leadership and connection to the college and wider community.

Increase student awareness of their capabilities and areas for growth.

Enable students to be aware of their career options and pathways, and to plan for the future.

Increase student confidence and participation in leadership, college and community life.
